**HIGH
SECURITY**

Used in conjunction with the ATM Inventory Management Solution, the ATM Roto provides a scalable and cost effective answer for secure management of a wide range of high and low usage items. The Roto is ideal where space is limited but the need for managing a large number of items is essential, for example, the management of MRO, cutting tools, and hand tools.

SIMPLE SOLUTIONS TECHNICALLY ADVANCED

VERSATILE AND EXPANDABLE, THE ATM ROTO IS EASILY INTEGRATED INTO OUR LEADING INVENTORY MANAGEMENT SOLUTION, THE AUTOMATED TOOL MANAGER.

LOW TO HIGH VOLUME

The ATM Roto provides a wide number of locations that can easily manage one SKU or 468 different ones.

SECURE RETURNS CAPABILITY

Returning and restocking items to the ATM Roto is easily done. No repackaging or opening the service door is needed, making for quick and secure way to return or restock.

SECURITY

The compartments in the ATM Roto are hidden from view behind sturdy sliding doors and can withstand vigorous operation.

COMPATIBILITY

All our systems run on the same software making them compatible with any of our ATM Management Solutions.
